

MFF 2025 POSTERS

made for
SG families

A Singapore Made For Families 2025 (MFF 2025) plan builds on the momentum of the Year of Celebrating SG Families in 2022. It is our plan for how the Government, community partners, businesses and individuals come together to co-create a Singapore where all families are valued and supported across the different chapters of life.

**We Can All
Play
A Part**

As employers,
we can commit to nurturing family-friendly workplaces.

As individuals,
we can make family time our priority.

As friends and colleagues,
we can support one another in balancing family and work.

As a community,
we can celebrate and uplift families in our midst.
