

Annex B: Summary of Changes to the Assistive Technology Fund (ATF)

The ATF, administered by SG Enable, provides subsidies for persons with disabilities to purchase assistive technology devices to enable independent living. The ATF can be used to acquire, replace, upgrade or repair assistive technology devices. These devices include wheelchairs and hearing aids. The devices should support early intervention, education, training, employment, therapy, rehabilitation and/or independence in daily living. The subsidy amount is determined according to the applicant's per capita household income.

For more information on the ATF, please visit <https://www.enablingguide.sg/im-looking-for-disability-support/assistive-technology/assistive-technology-fund>.

	ATF (Today)	ATF (From 14 Feb 2022)
