

CASE TRANSFERS

Establishing Principles

GAPS

Insufficient information passed over, e.g. risk/health history

Reoccurrence of previous risk situations

Case closed and client asked to make appointment with new agency

Client does not access new services

Client changes contact number and is deemed incontactable

Client also does not seek help for needs of vulnerable family members

Client attends 1st session and then stops attending

Client situation could deteriorate

Assume new agency will take care of all aspects of case management

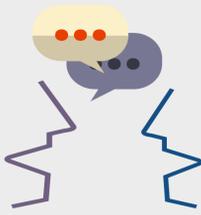

Some primary needs not met

IMPACT

Case Transfer Steps

Assess benefits and need for handover

Discuss with **supervisor**

Ensure risk factors and safety issues are flagged

Inform clients and **actively work** with them on the process

Arrange a **joint case conference** ensuring that supervisor is present

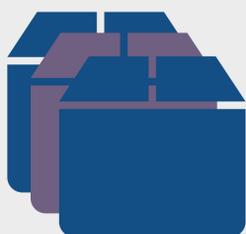

Do **groundwork**

Transfer to a **professional** (person) in the organisation (not just to the organisation)

Share what worked in the partnership with client

Ensure all records and comprehensive closure reports are **handed over** to new agency

Have a **closure with your client**

Contact client **a month after** to ensure all is going well and they are connected
