*Delete as appropriate

There is no need to submit as discrepancy for the following scenarios:

¹ Change in mailing address, contact number or email address.

² Different LPA Reference Number as the number may change due to events that took place after the LPA was registered. The online LPA may contain extra pages with administrative note to reflect these events. (e.g. divorce, bankruptcy, death) that affect the original power(s) granted to the Donee(s). There should however only be one LPA Registration number.
