Need help with your child's kindergarten or student care fees?

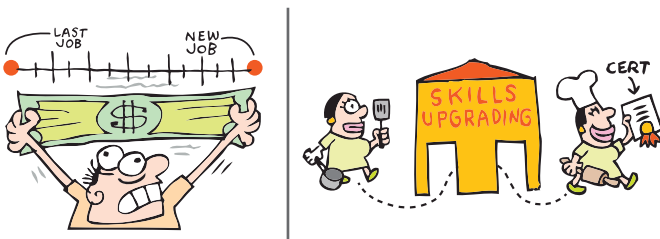

My wife has to work to help with the expenses and no one is around to take care of my young child after school.

Low-income families can apply for help to pay for kindergarten and student care fees at any eligible kindergarten or registered student care centre that their child is registered in.

Jobless or Low-Income?

I just lost my job and need to look for another. My wife wants to help but has not been able to find a job. Where can we get help?

We provide financial and employment assistance to those looking for work or to low-income families who need temporary help. Go to the nearest Social Service Office and apply for temporary financial assistance.

Temporarily unable to work?

I was given a 9-month MC after my accident and am unable to work.

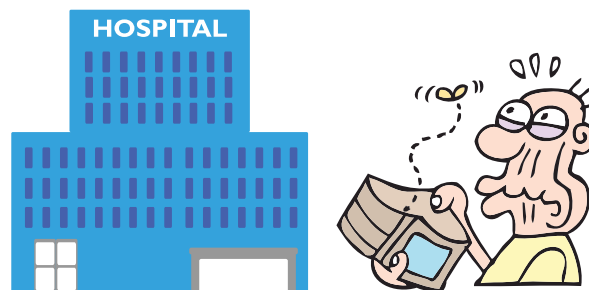

How will I support my family without an income?

We provide temporary financial assistance to needy families whose breadwinner is temporarily unable to work. Go to the nearest Social Service Office and apply for temporary financial assistance.

Permanently unable to work?

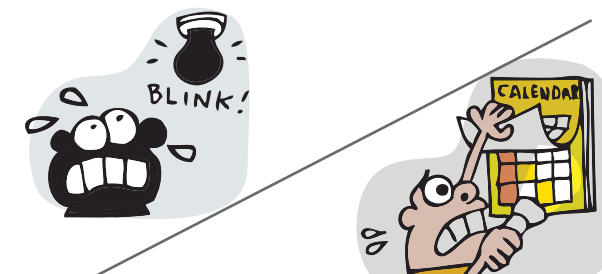

I'm 75 years old and live alone in a 1-room HDB rental flat. I am unable to work and have no children to support me. How will I pay my rent, bills and food?

We provide Singaporeans who are permanently unable to work and have little or no family support with financial help to pay for basic needs. We also provide free medical treatment. Their children also receive free education and additional cash assistance. Go to the nearest Social Service Office for an assessment of your needs.

Need urgent and temporary help?

I have no money for food, and my electricity will be cut off tomorrow!

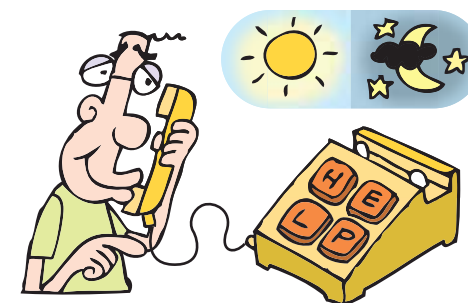

My part-time work will only start next week. Where can I get help?
