

Introducing the

NEW SOCIAL SERVICE OFFICES

One of the key priorities of the **Ministry of Social and Family Development** this year is to provide more accessible and integrated care to better serve the needy. We will roll out about 20 Social Service Offices (SSO). Each will largely serve a HDB town. The Social Assistance units at the CDC have been converted to SSOs. 2 new SSOs, situated in Jalan Besar and Kreta Ayer, have started operation since 1 July 2013. Find out below what SSOs do!

Over the next 2-3 years, 20 new Social Service Offices (SSOs) will be set up island-wide.
